Hi David,

Is this ok for a letter? Should I address it to Minister Enoch?

I can print it off and sign it for you.

Thanks,
Mary

Dear Minister Enoch,

I would like to call for your urgent help in securing David Barker's place in our neighbourhood. He has been issued a Termination Order and Warrant of Possession to be executed on Monday 16th of May, 2022.

I am incredibly concerned and upset that he is being evicted from his home at 5/25Manchester Tce, Taringa. I too live on Manchester Tce, almost diagnoally across from David, at 1/9 Manchester Tce, Taringa. I have lived here for over 10 years and have know David since he moved to his home. David has always been friendly and kind. I have been impressed by his efforts to recycle and his dedication to the environment. I see David as a valuable contributor to our neighbourhood, I want him to stay in our street and I know that other people in our community feel the same.

It is unbelievable that the Department is effectively making David homeless. He has tried to do his best in addressing the Department's concerns but they are incredibly inflexible. It is extraordinary that someone in his situation and needing support would be treated so appallingly.

Please revoke the Termination Order and the Warrant of Possession so that David can stay in his home.

Regards,
Mary Daniel

They have continually demanded that only one solution is acceptable, which is that the yard must be bare dirt at all times. Even so much as an internet delivery left in the yard would constitute a breach in the eyes of the Department.

I have spent tens of thousands of dollars and hundreds of hours in this, and yet the Department continues to bully me. The yard has been virtually empty since Easter and it is my intention to keep it that way. All new material has been processed elsewhere since last Christmas.
