Hi David,

Thanks for the update.

I have been communicating with people yesterday and today to send letters of support, with a template I based off yours and Michael Berkman's. There have been many more letters sent this week in support of your case, hopefully this allows for greater ministerial movement.

Visiting QCAT could be helpful, have you done this in person before and had success?

Please keep us posted with the updates.

Cheers,

Nick Carter (Thurs, Fri)
