Thanks David – so for now we will:

- Contact John Araneda re alternative accommodation
- Contact the Department re the same
- Follow up with Rebecca Levingston and find a time for Michael to speak with her (hopefully this arvo)
    - We have sent her Rob Wheeler's contact details as well as someone who has supported you on this matter previously. I haven't heard confirmation of whether he's willing to chat to her yet.
- Make a Facebook post on Michael's page to share what's happening and drum up support. I'll ask Jonno to share it as well + add his own thoughts. **Do you have a photo of yourself outside your home that we could use?**

Great to hear that Sam from SEQUR is also willing to chat. Looks like Rebecca will have plenty of info and hopefully decides to run a story ASAP.

Speak soon,
Steph

Subject: Facebook post and Federal support

Hi Steph, I forgot to address your offer to publicise this issue on Michael's FB page. In the current circumstances, I think this needs as much publicity as possible, so please go ahead and post it anywhere you feel is appropriate.

Seeing as I now have Greens representation at the Federal level in Elizabeth Watson-Brown, perhaps she might also like to add her voice to this campaign?

Regards,

David Barker
