Sounds great David – hope the interview goes well this morning! Michael will be on the show on Monday morning, when your interview airs.

I'm still waiting to hear back from John re Park Hotel. I might contact the Sherwood Neighbourhood Centre as well to see if they have any capacity to assist, though temporary accommodation just isn't good enough in this situation and the Department really owes it to you to ensure you've got a place to live long-term.

Steph

Hey Steph,

Rebecca called me a few hours ago. She will call me again at 1100 tomorrow to record an interview which will probably go to air on Monday. She said she had been in touch with you and will also try to get the Department to put their side. She wasn't too keen to have too many other people involved (I mentioned Sam from SEQUR was interested in having a say).

I haven't heard anything further from either the Department or Communify regarding the Park Hotel or an expected execution date for the Warrant, however, given the police usually visit a week beforehand, I'm expecting that will give me a few more days to both get stuff out and keep the pressure on the Government.

I have been BCC-ing Rob Wheeler on most of these emails. I'll call him later and get his thoughts.

Thanks,

David Barker
