Hey David, hope the interview went well! If it's easy enough to send us a copy of your recording, that would be great, but it's not particularly necessary.

I had a chat with Rob not long ago and it's great that you've still got him and the IAH supporting you.

I'm reaching out to Micah Projects as well today to see if they have any capacity to assist.

On a side note, we happened to have a meeting with the new Patrol Group Inspector in the Inner West today, and he seems genuinely willing to assist where possible. I don't know exactly what that would entail, or how helpful he can be at this stage, but it's worth a shot to see if he'd be willing to request that the Indro Police disregard the warrant, or delay it.

I'll also fill in Elizabeth Watson-Brown, the new Greens federal MP, on this matter. I'm sure she'd be willing to assist as well, however as she' doesn't yet have an office or any staff, her capacity to provide any direct support is quite limited at the moment.

Cheers,
Steph

Hi Steph, I'm preparing some notes for the interview. I will record the interview for myself and send you a copy if you like.

I was on the phone to a friend a few minutes ago and it was mentioned that I'm not allowed to move the scrub turkeys from my yard even to Mt. Coot-tha, yet the Department is uprooting me from an area I've lived in and had connections with for more than 25 years. Does the scrub turkey have more rights than me???

I've also been in contact with Rob Wheeler and he will get in touch with your office later today.

BTW, is it worth getting our new Federal Greens members to weigh in on this?

Regards,

David Barker
