Good morning Ms. Beresford,

I acknowledge receipt of a letter written on 2021-06-23 by a person identifying themselves only as "Sam". I advise you that this letter arrived in my mailbox on 2021-07-01. Please note that a delivery time of 6-8 days is average these days for postal mail, and you should make allowance for this when sending notices by this method.

Given the extenuating circumstances of the recent COVID-19 lockdown in South-East Queensland and the lengthy delay in receiving this letter, I wish to request that you delay the actions alluded to therein until at least 2021-07-14, to allow me reasonable time to perform the requested actions.

Regards,
David Barker
