-

Good morning Mr. Barker,

Thank you for your email.

The department have been advised contractors will require access to the front courtyard of 5/25 Waverley Rd to have leak detection and a plumbing team on site to rectify this issue.

Contractors will be attending Thursday 10th March 2022 between 10:00am-12:00pm, please see Entry Notice attached for your records. In order to facilitate these works, all items in the courtyard of 5/25 Waverley Rd Taringa will need to be removed to allow access for contractors.

Should you have any further questions, please do not hesitate to contact a member of the team.

Kind regards,

Reuben Veling
