Dear John,

This afternoon, I had a meeting with Christy Groves from LawRight and Jade from 3rd Space. They asked me about my current support and I mentioned you. As there has been no indication that this support has ended, they have advised me to send you this email to keep you informed so we can all work together towards a resolution. The goal of this collaboration is to save my public housing tenancy.

I have been advised that accepting your offer to organise a skip bin will be a positive step in this direction. To this end, I would appreciate you contacting me to discuss this.

Christy and Jade have both encouraged you to call if you wish to discuss anything with them. Authority to Disclose forms were signed to facilitate information sharing in this way. Contact details are as follows: Christy Groves (07) 3187 4371; Jade 0409 842323.

Christy will be liaising with Department of Housing early next week to discuss options moving forward.

Regards,
David Barker
